REFUGEE HEALTH SCREENING

Completed at the county health department. Find your county health department at:

www.vdh.virginia.gov/health-department-locator

EMPLOYMENT SERVICES

Provided by local resettlement agencies or the Virginia Initiative for Education and Work (VIEW). Learn more at:

www.dss.virginia.gov/benefit/tanf/view.cgi

PUBLIC EDUCATION

Public kindergarten or elementary school students must complete a physical health screening before attending school. The state of Virginia has vaccine requirements for school entry. Depending on a child's immunization status at the time of entry, they may be eligible for a waiver to start school with proof of an upcoming medical appointment.

All Virginia refugee students benefit from the Virginia Refugee Student Achievement Project (VRSAP). Learn more about VRSAP at: www.dss.virginia.gov/family/ons/more.cgi
